For many people, the concept of actually owning a million dollars at one time is completely unfathomable. So what if you could do it in seven years? Bodo Schafer, renowned financier and personal management aficionado, is back again to help people discover the tips and tricks that successful individuals employ to make it to the top. Being rich and successful isn't merely luck; it takes discipline, tools, and an understanding of finances that most people simply don't have. This book is here to help unravel the shroud that keeps success out of the grasp of ordinary individuals. In this book you will learn: - How to manage and eliminate debt - Asset control and growth - Ways to not depend on others for financial solvency - And so much more! Individuals are fraught with financial prejudices they don't know they have, which keep them from attaining success they don't know they are capable of. You can earn money, manage that money, and watch that money grow exponentially in a way that allows you every want without becoming destitute, because at the end of the day it's all about making your money work for you instead of spending your whole life working for your money. ©2016 AB Publishing, The Rights Company (P)2016 AB Publishing, The Rights Company

The Passive Income Myth explains why so many people fail to make the money they expect when they follow the instructions given in other books about earning a passive income. In this book Caleb explores many of the same subjects as these other books but he looks at the reality of each of them. He speaks from personal experience and tells it how it is with no sugar coating. He shows the readers how to use what the others tell them in a more realistic way. The breakthrough in Caleb's system is the idea of multi-threading. This concept is fully explained in the book with plenty of examples to ensure the reader fully understands everything. Caleb explains things in a casual chatty manner. It is as if you are sitting over a cup of coffee with him while he explains the concept to you.

How leaders can achieve something meaningful—transform a brand, a workplace, a technology, themselves—beyond holding an influential position. Do you want to do work that is worthy of your time and talent? Do you want to make your mark on your industry, company, or within your community? Are you satisfied with the fact that reengineering, quality improvements, and other changes never really make a lasting impact? Then you need to go beyond the techniques of improvement and learn the skills that it takes to be extraordinary. The power to be extraordinary is not one we are born with. Rather, it is a power that one can learn, and Tracy Goss helps executives realize this power. Here in this book for the first time, Goss makes her coursework available to the general reader. Goss's unique methodology shows how you how you can "put at risk the success you've become for the power of making the impossible happen." She positions executives to take on the future that they dream about. She teaches how to behave differently so that you are free of past constraints. She shows how you can be at home in the environment in which you are constantly surrounded by threats, and how to transcend the ordinary to make the impossible happen. Her work has resulted in many important life changes and organizational reinventions worldwide. "Goss offers powerful information, far above the glib self-help mush that already lines the shelves. She answers the fundamental question of why management fads do not work: the personal work has not yet been done." —Library Journal

Shortlisted for the Financial Times and Goldman Sachs Business Book of the Year Prize 2008 The Snowball is the first and will be the only biography of the world's richest man, Warren Buffett, written with his full cooperation and collaboration. Combining a unique blend of "The Sage of Omaha's" business savvy, life story and philosophy, The Snowball is essential reading for anyone wishing to discover and replicate the secrets of his business and life success. Warren Buffett is arguably the world's greatest investor. Even as a child he was fascinated by the concept of risk and probability, setting up his first business at the age of six. In 1964 he bought struggling Massachusetts textile firm Berkshire Hathaway and grew it to be the 12th largest corporation in the US purely through the exercise of sound investing principles - a feat never equalled in the annals of business. Despite an estimated net worth of around US\$62 billion, Buffett leads an intriguingly frugal life taking home a salary of only £50,000 a year. His only indulgence is a private jet, an extravagance he wryly acknowledges by calling it "The Indefensible". In 2006, he made the largest charitable donation on record, with most of it going to the Bill & Melinda Gates Foundation. The Snowball provides a comprehensive, richly detailed insight one of the world's most extraordinary and much loved public figures.

The bare minimum Often regarded as a backlash against abstract expressionism, Minimalism was characterized by simplified, stripped-down forms and materials used to express ideas in a direct and impersonal manner. By presenting artworks as simple objects, minimalist artists sought to communicate esthetic ideals without reference to expressive or historical themes. This critical movement, which began in the 1960s and branched out into land art, performance art, and conceptual art, is still a major influence today. This book explains the how, why, where and when of Minimal Art, and the artists who helped define it. Featured artists: Carl Andre, Stephen Antonakos, Jo Baer, Larry Bell, Ronald Bladen, Walter De Maria, Dan Flavin, Robert Grosvenor, Eva Hesse, Donald Judd, Gary Kuehn, Sol LeWitt, Robert Mangold, John McCracken, Robert Morris, Robert Ryman, Fred Sandback, Richard Serra, Tony Smith, Frank Stella, Robert Smithson, Anne Truitt About the Series: Each book in TASCHEN's Basic Genre Series features: a detailed illustrated introduction plus a timeline of the most important political, cultural and social events that took place during that period a selection of the most important works of the epoch, each of which is presented on a 2-page spread with a full-page image and with an interpretation of the respective work, plus a portrait and brief biography of the artist approximately 100 colour illustrations with explanatory captions
