Author: Brian Douglas. Anglican eucharistic theology varies between the different philosophical assumptions of realism and nominalism. Whereas realism links the signs of the Eucharist with what they signify in a real way, nominalism sees these signs as reminders only of past and completed transaction. This book begins by discussing the multifomity of the

A Companion to the Eucharist in the Reformation. By the end of the fifteenth century, the Eucharist had come to encompass theology, liturgy, art, architecture, and music. In the sixteenth century, each of these dimensions was questioned, challenged, rethought, as western European Christians divided over their central act of worship.
