ACEA publishes its Automotive Industry Pocket Guide

the automobile industry pocket guide

The automotive industry is a key contributor to the European economy and society. The ongoing economic turmoil we have been facing over the last years has shown the importance of maintaining a strong manufacturing base in the EU because of its strength as a source of growth and jobs. The European vehicle manufacturers are global players, driving innovation ...

2012

This new Pocket Guide paints a picture of a changing industry, one that is beginning to slowly recover from the shocks of the economic crisis of the late 2000s. Revised employment data shows that 12.1 million people now
