Have you ever wondered why one person can smoke cigarettes for a year and easily quit, while another person will become addicted for life? Why can't some people help themselves from abusing alcohol ...

Scientists reveal genetic architecture underlying alcohol, cigarette abuse  
Companies like Ancestry and 23andMe are ready and willing to check your genes for variants associated with certain health conditions. Here's what to know before your try it.

What to know about your options for genetic testing  
Genetic mutations could be predicted before they occur using a new law of physics, according to a study from the University of Portsmouth.

New physics law could predict genetic mutations  
The discovery opens the door to a mosquito-specific insecticide that would spare beneficial insects A genetic discovery from the University of California - Riverside (UCR) could permanently transform ...

A Genetic Discovery Has the Potential To Stop Mosquitos From Reproducing  
A small-scale trial of a new gene therapy was effective for most of the 10 participants who suffered from severe or moderately severe hemophilia.

A new gene therapy could pave the way to finally curing hemophilia B  
Researchers have discovered a protein whose defect causes motor disorders in flies. The protein had also previously been found in human patients with Parkinson's disease. So far, however, it was not ...

Genetic defect leads to motor disorders in flies  
This can be a good thing, since breeders select the best-performing plants and cross-breed them to produce better cotton every generation. If one variety produces the best-quality ...

Cotton breeders are using genetic insights to make this global crop more sustainable  
Epic Bio, a biotechnology company developing ultracompact therapies to modulate gene expression in vivo, today announced its launch and Series A financing of \$55 million. Epic was founded by Stanley ...

Epic Bio, Founded by CRISPR Pioneer, Launches to Revolutionize Genetic Medicine With Epigenetic Engineering  
The outcomes of diabetes care differed substantially between patients in Medicare HMOs and patients in standard Medicare. The main finding was that persons with diabetes who enrolled in Medicare ...
