Art and Globalization bri Literature on the worldwide dissemination of art assumes nationalism and ethnic identity, but rarely analyzes it. At the same time there is extensive theorizing about globalization in political theory, cultural studies, postcolonial theory, political economy, sociology, and anthropology.

[Art and Globalization \(The Stone Art Theory Institutes ...](#)

Art and Globalization - this is the kind of research every arts institute should be carrying out. Here in Australia, we do not have anything of this calibre to my knowledge, we still base our art on Eurocentric standards, when our Indigenous culture has the oldest continuing art practice in the world, so why do we continue to try to associate ourselves with European art ideologies?
