Jacqueline Koyanagi was born in Ohio to a Japanese-Southern-American family, eventually moved to Georgia, and earned a degree in anthropology with a minor in religion. Her stories feature queer women of color, folks with disabilities, neuroatypical characters, and diverse relationship styles, because she grew tired of not seeing enough of herself and the people she loves reflected in genre fiction.

Ascension: A Tangled Axon Novel: Jacqueline Koyanagi ...

Ascension by Jacqueline Koyanagi was an alright read that just needed more time spent in the planning stages. This book started out great, there was an interesting plotline about a woman with a chronic illness that struggled to afford to pay for her and her aunt's medication but she loved working on space ships and mechanical things so much, it was her calling in life.

Thank you, Jacqueline Koyanagi, for this brilliant book.
