Gebrauchsanweisungen machen Spaß - aber nur, wenn man sie nicht zur Inbetriebnahme eines technischen Geräts braucht. Sonst nämlich schlägt das Lachen über die Sprachkapriolen radebrechend übersetzter Aufbau- und Bedienungsanleitungen schnell in hysterisch-verzweifelt Kichern um. Ob wohlmeinender Ratschlag ("Vor dem Einfüllen der Wäsche darauf achten, dass sich keine eingesperrten Tiere in der Trommel befinden."), eine Empfehlung für ein Diätpulver ("Produkt mit sehr gute Geschmack und verschiedene Nachgeschmäcke") oder das Verhalten im Brandfalle in einem südeuropäischen Hotel ("Nehmen Sie die Zimmerschlüssel, kriechen Sie zur Tür"): Immer ist Lesespaß garantiert, sofern man den Erzeugnissen internationaler Entwicklerprosa und diverser Übersetzungscomputer im Kantischen Sinne "interesselos" gegenübersteht. Am Ende ist man nur noch dankbar für die Rücksicht auf die Umwelt: "Fuer neue Batterie alt Batterie zurueck fuer Sauberkeit in deutscher Wald!"

SQL Server Integration Services Design Patterns is newly-revised for SQL Server 2014, and is a book of recipes for SQL Server Integration Services (SSIS). Design patterns in the book help to solve common problems encountered when developing data integration solutions. The patterns and solution examples in the book increase your efficiency as an SSIS developer, because you do not have to design and code from scratch with each new problem you face. The book's team of expert authors take you through numerous design patterns that you'll soon be using every day, providing the thought process and technical details needed to support their solutions. SQL Server Integration Services Design Patterns goes beyond the surface of the immediate problems to be solved, delving into why particular problems should be solved in certain ways. You'll learn more about SSIS as a result, and you'll learn by practical example. Where appropriate, the book provides examples of alternative patterns and discusses when and where they should be used. Highlights of the book include sections on ETL Instrumentation, SSIS Frameworks, Business Intelligence Markup Language, and Dependency Services. Rain Dogs, a stunning installment in the Sean Duffy thriller series, following the Edgar Award-nominated Gun Street Girl, is "another standout in a superior series" (Booklist). It's just the same things over and over again for Sean Duffy: riot duty, heartbreak, cases he can solve but never get to court. But what detective gets two locked-room mysteries in one career? When journalist Lily Bigelow is found dead in the courtyard of Carrickfergus Castle, it looks like a suicide. Yet there are a few things that bother Duffy just enough to keep the case file open, which is how he finds out that Bigelow was working on a devastating investigation of corruption and abuse at the highest levels of power in the UK and beyond. And so Duffy has two impossible problems on his desk: Who killed Lily Bigelow? And what were they trying to hide?

"This is a fast, fresh, often hilarious first novel, by one of the remarkably talented young African writers who are rapidly making everyone else look stale" The Times Kingsley is fresh out of university, eager to find an engineering job so he can support his family and marry the girl of his dreams. Being the opara of the family, he is entitled to certain privileges - a piece of meat in his egusi soup, a party to celebrate his graduation. But times are hard in Nigeria and jobs are not easy to come by. For much of his young life, Kingsley believed that education was everything, that through wisdom, all things were possible. But when a tragedy befalls his family, Kingsley learns the hardest lesson of all: education may be the language of success in his country, but it is money that does the talking. In desperation he turns to his uncle, Boniface-aka Cash Daddy-an exuberant character who suffers from elephantiasis of the pocket. He is also rumoured to run a successful empire of email scams. But he can help. With Cash Daddy's intervention, Kingsley and his family can be as safe as a tortoise under its shell. It is up to Kingsley now, to reconcile his passion for knowledge with his hunger for money, to fully assume his role of first son. But can he do it without being drawn into this outlandish milieu?

#1 National Bestseller "A sprawling, ambitious novel about Los Angeles, written with all the broad-stroke energy that was so irresistible to readers in A Million Little Pieces. By turns satirical, tense, and surprisingly touching, it is a portrait of a city onto which so many millions have projected so many dreams. . . . Compelling, cinematic. . . . It achieves the very essence of Los Angeles's fractured, unpredictable, loopy nature." - Vanity Fair "A captivating urban kaleidoscope. . . . James Frey got another chance. Look what he did with it. He stepped up to the plate and hit one out of the park. . . . He became a furiously good storyteller." -Janet Maslin, New York Times One of the most celebrated and controversial authors in America delivers an extraordinary novel—a sweeping chronicle of contemporary Los Angeles that is bold, exhilarating, and utterly original. Dozens of characters pass through the reader's sight lines—some never to be seen again—but James Frey lingers on a handful of LA's lost souls and captures the dramatic narrative of their lives. A dazzling tour de force, Bright Shiny Morning illuminates the joys, horrors, and unexpected fortunes of life and death in Los Angeles.
