Megan McCafferty is the author of the Jessica Darling books, hands-down my all-time favorite
contemporary series. The dystopian novel BUMPED is a huge departure from her legacy, but if
you tone down your instinctual desire to compare it to the Jessica Darling books, it is a
fantastically complex story that will provide fodder for thought for multiple rereads.

Bumped by Megan McCafferty This book was crazy good. The writing is just stunning at times. BUMPED is the story of twins-separated at birth, Melody and Harmony, in a near-future where a sterility virus makes it impossible to get pregnant past 18 years of age. Most of the novel hinges on a single day of mistaken identity, a day that changes both twins' lives.
