Bring your own device:  
a major security concern  
More and more  
businesses are  
introducing Bring Your  
Own Device (BYOD)  
programmes believing  
that by allowing their  
employees the use of  
their own familiar  
devices to work, they  
will increase  
productivity while  
reducing costs.

Bring your own device:  
a major security concern

Enforcing a bring your  
own device (BYOD)  
plan can be tricky.

There are numerous  
legal and technical  
obstacles to contend  
with, and users need to  
be aware of the rules.

To improve BYOD  
management and
