A huge advantage close-up photography offers is that it doesn ’ t matter where you live, there are unlimited subjects to photograph all year long. Weedy fields, marshes, ponds, and forests all offer numerous subject that vary through the day and during the year.

## REVIEW: Close Up Photography in Nature, by John and ...

Alberto ’ s aim is to show beauty in the smallest details. Getting close to nature is something most photographers of the natural world would regard as fundamental. After all, they want to capture a place full of wonder and beauty, and to do this properly they must immerse themselves within it. But few photographers can claim to take the process to the limits that Alberto Ghizzi Panizza has done in his body of work.
