## Neuropsychiatry Proceedings Of The 3rd

After many years of switching between contemporary art and illustration, the Altford-based illustrator has settled into the creatively boundless realm of digital drawing.

How a “ hypersensitive character ” dictates the psychedelic-infused digital drawings of Luca Schenardi

Fi Churchman speaks to the multimedia artist about deontology, disembodied intelligence and existential suffering in his work ...

Lawrence Lek Tests the Limits of Consciousness

So, I always assumed that temporal discounting—which I will also refer to as impatience – was a universal, human phenomenon, even though not everyone “ discounts ” the future to the same degree. But not ...

Financial Impatience Across the Globe

I led the Developmental Affective neuroscience lab and am a member of the Neuroscience institute My research work integrates methods of behavioural psychology and brain imaging (EEG and fMRI) to ...

Dr Liat Levita

I joined the University of Sheffield in 2005. I also work at the Royal Hallamshire Hospital and the Chesterfield Royal Hospital as an Honorary Consultant Neurologist. My clinical work focuses on the ...
