Read Online Credit Card A Personal Debt Crisis

Credit card debt results when a client of a credit card company purchases an item or service through the card system. Debt accumulates and increases via interest and penalties when the consumer does not pay the company for the money he or she has spent. The results of not paying this debt on time are that the company will charge a late payment penalty and report the late payment to credit rating agencies. Being late on a payment is sometimes referred to as being in "default". The late payment pe
