TECHNOPOLY. The Surrender of Culture to Technology. By Neil Postman. Alfred Knopf, 1993. Postman has emerged in recent years as one of America's most eloquent and outspoken critics of technology and in this book he elaborates on themes that will be familiar to readers of his earlier books, most notably Amusing Ourselves to Death: Public Discourse in the Age of Show Business (1985).

Technopoly by Neil Postman : A Book Review by Scott London

" Technopoly is a state of culture. It is also a state of mind. It consists in the deification of technology, which means that the culture seeks its authorization in technology, finds its satisfactions in technology, and takes its orders from technology. " Neil Postman, Technopoly: The Surrender of Culture to Technology
