The "New Wonders" of Earth 2 get new origin stories, which is fine and really sets up the fact that this isn't going to be slight variations on the original Justice League heroes. Green Lantern for instance has a whole bevy of new abilities that are derived straight from the new origin of his powers.

[Read as single issues] The final volume of Earth 2 consists of six one-shot issues that tie into the weekly Earth 2: World's End series, expanding on some of the stuff that goes on there, and gives you some more background on some of the less-explored characters. Unfortunately, Earth 2: World's End is a bit of a mess, so most of these issues don't have a lot to work with.
