Landscape ecology is the study of the pattern and interaction between ecosystems within a region of interest, and the way the interactions affect ecological processes, especially the unique ...

Principles of Landscape Ecology

Illustrated with more than two dozen color plates and a hundred photographs and line drawings. Hawaiian Natural History, Ecology, and Evolution updates ... and its extensive North Pacific Current or ...

Hawaiian Natural History, Ecology, and Evolution

Invasive wasps are moving north into the warming oak savannahs of the inland Pacific Northwest — putting forests there at risk, a new study has found. As they move north, the social insects are ...

Equilibrium/Sustainability — Invasive wasps pushing north threaten forests

It discusses their formation, the conditions affecting their plant and animal life, and the diversity of types across North America ... Ralph Tiner introduces us to their ecology and leads us through ...

Tidal Wetlands Primer: An Introduction to Their Ecology, Natural History, Status, and Conservation

Basic topics in Ichthyology and fish ecology, evolution, genetics, reproduction strategies and identification of early life stages, fish community structure, food webs and dynamics. Laboratory ...

Ecology and Evolutionary Biology—BS Curriculum

Topics of expertise and interest include agriculture, conservation, ecology, and climate science ... traveling as much as 3,000 miles from the cool north to the warmer south to spend the winter.

Migratory Monarch Butterflies Are Now Endangered

The grey squirrel is an invasive species. It is native of North America and was first introduced into England from America in the early 1900s. It is reported that, in 1911, twelve grey squirrels ...

Biodiversity and Ecology

Skeletal remains of this bone-crushing canid are most commonly found in transitional or grassland environments across North America between Late Miocene–Middle Pleistocene, but are rare or absent in ...

The first canid from the Gray Fossil Site in Tennessee: new perspective on the distribution and ecology of Borophagus

Fernando, Edwino S. Quakenbush, J. Peter Lillo, Edgardo P. and Ong, Perry S. 2018. *Medinilla theresae* (Melastomataceae), a new species from ultramafic soils in the ...

Mabberley's Plant-book

a publication of the American Ornithological Society (AOS), is published today in the journal Ornithology and includes numerous updates to the classification of North American bird species.

Sixty-third supplement to the AOS check-list of North American birds publishes today in ornithology

Because new employees often need instruction on grasshopper structure, life history, behavior, and ecology, an introduction covering ... information for grasshopper management. The basis for ...

Grasshoppers of Wyoming and the West

Richard McCourt 's research is on the biodiversity, evolution, ecology, and systematics of green algae, specifically a group known as charophyte algae. These green algae are among the closest living ...

Richard McCourt, PhD

SPOKANE, Wash. — The unanticipated cool and wet weather in May and June prompted the Washington Department of Ecology to cancel the drought declaration for Central and Eastern Washington.

Drought declaration lifted for Eastern Washington

Their study, published in the journal Ecology and Evolution ... papua live further north where conditions are milder, and so it's not that surprising that they have evolved to adapt to their ...
