The Ecology of the  
Planted Aquarium by  
Diana Walstad has been  
around since 1999 when  
the first edition came  
out and it's still quite  
popular and  
recommended to those  
starting a planted tank.  
The author focuses on  
running low-tech  
planted tanks but gives  
the reader tons of  
information on nearly

# File Type PDF Ecology Of The Planted

Walstad  
Ecology of the Planted  
Aquarium should appeal  
to hobbyists who wish  
to set up a successful  
planted aquarium plus  
understand more about  
its ecology. Most  
aquarium plant books  
simply list/describe  
plant species or show  
how to set up a planted  
aquarium. This book is  
unique.
