Found in Translation: How Language Shapes Our Lives and ...

'Found in Translation: How Language Shapes Our Lives and Transforms the World' was an interesting read, kind of. At least once you figure out what this book is and isn't about. The "how language shapes our lives" part of the title deceptively suggests that there might be some semantic analysis of different languages going on in the book, but that never really happens.

Lost in translation: How language barriers can add anguish ...

Formulaic language represents a challenge to even the most proficient of language learners. Evidence is mixed as to whether native and nonnative speakers process it in a fundamentally different way, whether exposure can lead to more nativelike processing for nonnatives, and how L1 knowledge is used to aid comprehension.
