Moreover, as the demand for more 'appropriate'-i.e., more flexible, networked and smart-forms of planning and governance increases, new expressions of territorial cooperation and conflict are emerging around issues and agendas of (de-)growth, infrastructure expansion, and the collective provision of services.

Metropolitan Regions, Planning and Governance | SpringerLink

The aim of this book is to investigate contemporary processes of metropolitan change and approaches to planning and governing metropolitan regions. To do so, it focuses on four central tenets of metropolitan change in terms of planning and governance: institutional approaches, policy mobilities, spatial imaginaries, and planning styles.

There are 36 metropolitan district councils which together cover 6 large urban areas: the counties of Greater Manchester, Merseyside, South Yorkshire, Tyne and Wear, West Midlands, and West Yorkshire.

Local government structure and elections - GOV.UK

As with non-metropolitan areas the respective authorities covered all areas of local government, but the distribution of responsibilities was different to that of the county/local authority district structure. In 1986 the metropolitan county councils were abolished, although the county areas are still recognised, especially for statistical ...

England - Office for National Statistics
A metropolitan area or metro is a region consisting of a densely populated urban core and its less-populated surrounding territories under the same administrative division, sharing industry, infrastructure and housing. A metro area usually comprises multiple jurisdictions and municipalities: neighborhoods, townships, boroughs, cities, towns, exurbs, suburbs, counties, districts, states, and ...

Not a single one of the 275 OECD metropolitan areas - functional urban areas with populations in excess of 500,000 - is governed by a single local government. The metropolitan area of Paris, which consists of 1,375 municipalities, might be an extreme case, but more than 200 metro areas contain more than 10 local governments and over 60 contain more than 100 within their boundaries.

The metropolitan counties are a type of county-level administrative division of England. There are six metropolitan counties, which each cover large urban areas, with populations between 1 and 3 million. They were created in 1974 and are each divided into several metropolitan districts or boroughs. The metropolitan county councils were abolished in 1986 with most of their functions being devolved to the individual boroughs, making the boroughs effectively unitary authorities. The remaining funct
