Infant Previewing: Predicting and Sharing Interpersonal Outcome examines the developmental processes of the first two years of life from an innovative perspective that may dramatically alter the way health care professionals view and predict their perceptions of developmental phenomena. The volume introduces the concept of previewing, a developmental principle that organizes our understanding of how infants and caregivers share experience during the first few years of life.

Previewing (prereading skill) | 1. PREVIEWING Reading Skill "Teaching is fun "; Aziz Salafi King Khalid University, KSA 2. Previewing is a pre-reading skill by which the reader tries to gather as much information about the text as he/she can before reading it.

Previewing (prereading skill)—Share and Discover—

Students in pairs share their responses with each other. Students skim the passage, using textual features (headings, pictures, graphs, etc.) to predict what they might learn as they read. They write down these predictions in the Preview section of their learning logs under What I think I will learn. Students share their best ideas with the class.

IRIS+Page 5- Preview Strategy

The Previewing and Predicting process will lead students through a series of questions that will help them make an accurate prediction. These predictions help students think about what they already know about the topic.

Previewing and Predicting—LiteracyTA

Infants (0-1 year of age) Developmental Milestones Skills such as taking a first step, smiling for the first time, and waving "bye-bye" are called developmental milestones. Developmental milestones are things most children can do by a certain age. Children reach milestones in how they play.
