Theories of

International Relations

International relations theory is the study of international relations from a theoretical perspective. It attempts to provide a conceptual framework upon which international relations can be analyzed. Ole

Access Free International

Holsti describes international relations theories as acting like pairs of coloured sunglasses that allow the wearer to see only salient events relevant to the theory; e.g., an adherent of realism may completely disregard an event that a constructivist might pounce upon as crucial, and vice vers

Three Major Theories
of International

Relations 1. Realism.

The theory of realism in international relations generally assumes that the international system is inherently disorderly and relations are anarchic because primary actors are
