When brilliant FBI agent Kendra Donovan stumbles back in time and finds herself in a 19th century English castle under threat from a vicious serial killer, she scrambles to solve the case before it takes her life—200 years before she was even born. Beautiful and brilliant, Kendra Donovan is a rising star at the FBI. Yet her path to professional success hits a speed bump during a disastrous raid where half her team is murdered, a mole in the FBI is uncovered and she herself is severely wounded. As soon as she recovers, she goes rogue and travels to England to assassinate the man responsible for the deaths of her teammates. While fleeing from an unexpected assassin herself, Kendra escapes into a stairwell that promises sanctuary but when she stumbles out again, she is in the same place - Aldrich Castle - but in a different time: 1815, to be exact. Mistaken for a lady's maid hired to help with weekend guests, Kendra is forced to quickly adapt to the time period until she can figure out how she got there; and, more importantly, how to get back home. However, after the body of a young girl is found on the extensive grounds of the county estate, she starts to feel there's some purpose to her bizarre circumstances. Stripped of her twenty-first century tools, Kendra must use her wits alone in order to unmask a cunning madman.

"A call-to-action to everyone out there who wants to fight back." —Bustle
"Scandal, justice, romance, sex positivity, subversive anti-sexism—just try to put it down." —Kirkus Reviews (starred review)
"Cuts straight to the core of rape culture—masterfully fierce, stirring, and deeply empowering." —Amber Smith, New York Times bestselling author of The Way I Used to Be
Three misfits come together to avenge the rape of a fellow classmate and trigger a change in the misogynist culture at their high school transforming the lives of everyone around them in this searing and timely story. Who are the Nowhere Girls? They're everygirl. But they start with just three: Grace Salter is the new girl in town, whose family was run out of their former community after her southern Baptist preacher mom turned into a radical liberal after falling off a horse and bumping her head. Rosina Suarez is the queer punk girl in a conservative Mexican immigrant family, who dreams of a life playing music instead of babysitting her gaggle of cousins and waitressing at her uncle's restaurant. Erin DeLillo is obsessed with two things: marine biology and Star Trek: The Next Generation, but they aren't enough to distract her from her suspicion that she may in fact be an android. When Grace learns that Lucy Moynihan, the former occupant of her new home, was run out of town for having accused the popular guys at school of gang rape, she's incensed that Lucy never had justice. For their own personal reasons, Rosina and Erin feel equally deeply about Lucy's tragedy, so they form an anonymous group of girls at Prescott High to resist the sexist culture at their school, which includes boycotting sex of any kind with the male students. Told in alternating perspectives, this groundbreaking novel is an indictment of rape culture and explores with bold honesty the deepest questions about teen girls and sexuality.

When they were children in the suburbs of Los Angeles in the 1950s, Diane Keaton and her younger brother, Randy, were best friends and companions- they shared stories at night in their bunk beds; they swam, laughed, and dressed up for Halloween. Their mother captured their American-dream childhoods in her diaries and on camera. But as they grew up, Randy became troubled, then reclusive. By the time he reached adulthood, he was divorced, an alcoholic, a man who couldn't hold on to full-time work-his life was a world away from his sister's and from the rest of their family. Now Diane is delving into the nuances of their shared, and separate, pasts to confront the difficult question of why and how Randy ended up living his life on "the other side of normal." In beautiful and fearless prose that's intertwined with photographs, journal entries, letters, and poetry-many of them Randy's own writing and art-this insightful memoir contemplates the inner workings of a family, the ties that hold it together, and the special bond between siblings even when they are pulled far apart. Here is a story about love and responsibility; about how, when we choose to reach out to the people we feel closest to-in moments of difficulty and loss-surprising things can happen. A story with universal echoes, Brother & Sister speaks across generations to families whose lives have been touched by the fragility and "otherness" of loved ones-and to brothers and sisters everywhere.

'We are like the Corleones in The Godfather'—Randhir Kapoor There is no film family quite like the Kapoors. A family of professional actors and directors, they span almost eighty years of film-making in India, from the 1920s to the present. Each decade in the history of Hindi films has had at least one Kapoor—if not more—playing a large part in defining it. Never before have four generations of this family—or five, if you include Bhashesharnath Kapoor, Prithviraj Kapoor's father, who played the judge in Awara—been brought together in one book. The Kapoors details the professional careers and personal lives of each generation—box-office successes and failures, the ideologies that informed their work, the larger-than-life Kapoor weddings and Holi celebrations, their extraordinary romantic liaisons and family relationships, their love for food and their dark passages with alcohol. Based on extensive personal interviews conducted over seven years with family members and friends, Madhu Jain goes behind the façade of each member of the Kapoor clan to reveal what makes them tick. The Kapoors resembles the films that the great showman Raj Kapoor made: grand and sweeping, with moments of high drama and touching emotion. 'Few books on Indian cinema have been written with such wit, clarity and sparkle'—Outlook 'Jain writes in a language that is simple and pithy. . . it will keep alive public interest in the Kapoors who refuse to call it a day'—Telegraph 'Immensely readable...will surely find a place in the Indian cineaste's library'—Biblio

A young graduate. A ruthless CEO. And an attraction neither of them was prepared for.After graduating from college, Lexi Blondeau moves to L.A. By some miracle, she gets an interview for a dream job, at Downtown, the "It" company of the decade. If rumors are anything to go by, CEO Rafe Black is not only one of the most ruthless men in the city, but also one of the hottest men on the planet.At the interview, the last thing Lexi is expecting is for the mysterious--and unbelievably sexy--Rafe Black to literally sweep her off her feet. To say their chemistry is off the charts would be an understatement. Within days, Lexi's life seems to have transformed itself in every possible way, and all because of her new boss, who also happens to be her passionate new lover. Rafe takes Lexi to his private estate in Kauai so he can keep her all to himself. But will Rafe's obsession become too much?XOXO | Love You is the first book in the I Love You series. If you like fun, sexy romance starring obsessed alphas, you'll love Julie Capulet's page-turning book.

Seduced as his secret Cinderella... But will she be his queen? Pregnant and alone, Lucy Gillingham is determined to protect her unborn child from her volatile family. Then Tadj, the enticing stranger she spent an unforgettable night with, returns with a royal revelation...Lucy is carrying the baby of a desert king! Tadj will secure his heir, but can Lucy accept his scandalous solution—that she share his royal bed? Enjoy this scandalous royal baby romance!

Amelie loved Reese. And she thought he loved her. But she's starting to realise love isn't supposed to hurt like this. So now she's retracing their story and untangling what happened by revisiting all the places he made her cry. Because if she works out what went wrong, perhaps she can finally learn to get over him.

Five years in the writing by one of science fiction's most honored authors, Doomsday Book is a storytelling triumph. Connie Willis draws upon her understanding of the universalities of human nature to explore the ageless issues of evil, suffering and the indomitable will of the human spirit. For Kivrin, preparing an on-site study of one of the deadliest eras in humanity's history was as simple as receiving inoculations against the diseases of the fourteenth century and inventing an alibi for a woman traveling alone. For her instructors in the twenty-first century, it meant painstaking calculations and careful monitoring of the rendezvous location where Kivrin would be received. But a crisis strangely linking past and future strands Kivrin in a bygone age as her fellows try desperately to rescue her. In a time of superstition and fear, Kivrin—barely of age herself—finds she has become an unlikely angel of hope during one of history's darkest hours. Praise for Doomsday Book "A stunning novel that encompasses both suffering and hope. . . . The best work yet from one of science fiction's best writers."—The Denver Post "Splendid work—brutal, gripping and genuinely harrowing, the product of diligent research, fine writing and well-honed instincts, that should appear far beyond the normal science-fiction constituency."—Kirkus Reviews (starred review) "The world of 1348 burns in the mind's eye, and every character alive that year is a fully recognized being. . . . It becomes possible to feel . . . that Connie Willis did, in fact, over the five years Doomsday Book took her to write, open a window to another world, and that she saw something there."—The Washington Post Book World

Most video and film editors understand that the story is central to their work and that editing choices need to serve the telling of that story in the best way possible. What they may not know, however, are all the valuable techniques to making this craft appear seamless and part of the busy editor's normal workflow. This book takes an approach to editing that both beginners and intermediate editors will find refreshing. While other books approach the topic of editing by teaching the functions of the editing software, this book explains how you can make smart choices and use those functions to affect the story. In the book you'll learn workflow tips, time saving techniques, linear and non-linear theory, cutting techniques, enhancing emotion through music and sound effects, leveling and mastering audio, color correction, and most importantly, the role editing can have on the telling of the story. Additional techniques are shown through multiple step-by-step videos available on the author's site as well as clips from a documentary the author created on editing.

"Life is made of twists and turns, and I have experienced it all. Love – the essence of life ... I have experienced that too. I had loved an unknown person. Which definition of love can stand a firm hold than this?" By twenty-eight, Shiv has had a nauseous ride on the emotional roller coaster. Struggling with his responsibilities, he managed to tap his feet romantically with his dream. Yet... the life of Shivraj Rathore remained 'incomplete'. But what happened when his diary reached the girl he loved, the girl who was unknown? Did he complete his story?
