Kangaroo is back! In this story he and his friends at camp divide into halves, thirds, and fourths to form teams at field day. Readers will cheer on this rowdy crew of Australian animals as they swim, canoe, play tug-of-war, and have a good, goofy time.

Kangaroo and his Australian animal friends divide themselves up into different groups for the various field day events at camp.

Have you ever wondered just how far animals can jump? From tiny grasshopper hurdles and coyote vaults to the best pouncer of all: understanding numbers and distance is easy with this fun book of animal facts! None of the animals can match the world-record-holding snow leopard! At the end, kids will discover how many jumps it would take each one to go all around the globe.

Introduces the physical characteristics, habitat, and survival techniques of the kangaroo.

Illus. in full color. "Kangaroo child Norma Jean loves to jump. The problem is that her jumping gets out of hand, causing accidents and some ruffled feelings among her friends, and Norma stops her jumping entirely. But when the school's field-day games come up, Norma Jean is coaxed back into action long enough to win ribbons. Light, popular fare for beginning readers."--Booklist.

Once, the kangaroo couldn't jump. Find out how that changed in this lively tale adapted from one of Rudyard Kipling's Just So Stories. This title is part of the Usborne Reading Programme (First Reading, level 1) with simple, charming text, puzzles after the story to consolidate learning, and gorgeous atmospheric illustrations by John Joven. Illustrations: Full colour throughout

Kangaroo and his Australian animal friends divide themselves up into different groups for the various field day events at camp.

These friendly, funny titles feature fictional characters using math in everyday activities, and help students to apply the same concepts in daily life. -- Illustrations demonstrating math concepts are powerful visual learning tools. -- Extension activities let students share the fun with their classmates or family. -- Each title is correlated to the themes and skills of elementary reading and math curricula. -- Teacher's Guides support discussion before, during, and after reading. -- Teacher's Guides feature related reading lists and blackline masters.

When the other baby animals laugh at Elephant for not being able to jump, he sets out to prove them wrong. Hard as he tries, he just can't jump. But then he realizes that he can do something else that no other animal can do . . .
