Kawasaki KAF450 Mule 1000 Workshop Service Repair Manual

The actual model number for the Mule 1000 was KAF450-B1. To my knowledge they were made in 1988 and a few leftovers were sold in 89 and 90, but still 88 models. The engine was loosely based on the EN450 (LTD 454) motorcycle. Parallel twin-which later became basically a Ninja 500 engine.

1000 (KAF450-B1)

Featuring a pick-up-truck-type design, the Kawasaki MULE™ concept revolutionized the lightweight utility vehicle. Powered by a liquid-cooled 454cc twin-cylinder engine mounted in an open-cab utility chassis with independent front and rear suspension, and rolling on four all-terrain tires with rear differential lock feature, the MULE 1000 utility vehicle was an immediate success.
