P14. 1 Reflection of light AQA GCSE Physics P14 Light Kerboodle Answers: Page No. 203. 1 a i The law of reflection states that the angle of incidence = the angle of reflection. So if the angle of reflection is 20° then the angle of incidence = 20° . ii The angle between the incident ray and the reflected ray is 40° , because the angle between incident ray and reflected ray = $20^\circ + 20^\circ = 40^\circ$.
