(PDF) ~~Language Attrition: Theoretical Perspectives~~

Its purpose is to enable investigations of L1 attrition to avail themselves more fully and more fundamentally of the theoretical frameworks that have been formulated with respect to SLA and bilingualism. In the thirteen papers collected here, experts in particular disciplines of bilingualism, such as neurolinguistics, formal linguistics, contact linguistics and language and identity, provide an in-depth perspective on L1 attrition which will make the translation of theory to hypothesis ...

~~Language Attrition Theoretical Perspectives Studies In~~ ...

Language attrition is the process of losing a native or first, language. This process is generally caused by both isolation from speakers of the first language and the acquisition and use of a second language, which interferes with the correct production and comprehension of the first. Such interference from a second language is likely experienced to some extent by all bilinguals, but is most evident among speakers for whom a language other than their first has started to play an important, if n
