Losing My Mind is a haunting, enlightening work. David Shenk author of The Forgetting Terrifying, invigorating, and life-affirming. We owe Tom DeBaggio a debt for his tireless curiosity. Robert Lee Hotz Los Angeles Times DeBaggio vividly articulates the profound shock and despair of one person in the early stages of Alzheimer's disease. It is a story made all the more compelling because that person is himself.

Losing My Mind: An Intimate Look at Life with Alzheimer's ...

Losing My Mind is an extraordinary first-person account of early onset Alzheimer's -- the form of the disease that ravages younger, more alert minds. DeBaggio started writing on the first day of his diagnosis and has continued despite his slipping grasp on one of life's greatest treasures, memory.

Losing My Mind: An Intimate Look at Life with Alzheimer's ...

Losing My Mind blends personal history with the fear and pain of developing the disease at the age of 57; it is both a sadly fascinating account of Alzheimer's progression and an attempt for I am very drawn to books about neurological disorders and this one makes the first hand experience very understandable.

Amazon.com: Losing My Mind: An Intimate Look at Life with ...

Losing My Mind This book was very authentic. While not encouraging or enjoyable, it was very informative about the way that Alzheimer's overtakes an intelligent mind. It was very obvious that the author had the gift of expressing himself through the written word, in spite of the effects if this debilitating condition.
