This is not your typical non-fiction on the subject of art management, which usually talk about art business as some mysterious unicorn to which standard rules are non applicable. Magnus Resch openly and directly de-mystifies this notion and explains why art galleries should be managed as any other business enterprise if they want to succeed.

Commercial art gallery manager job profile | Prospects.ac.uk

Right now the running joke in the art world is that galleries are the NEW starving artists. It is very bad out there. Technologies such as the Instagram, online galleries, screens, on demand printing, a gone-gone middle class, and free access to any thing digital has made the art gallery an expensive alternative.

Management of Art Galleries: Resch, Magnus: 9780714873268 ...

Art management (also referred to as art administration) applies business administration technics and processes to the art world. It includes running the daily business operations of art institutions either private or public. Arts Management's purpose is to reconcile both disciplines as they potentially have opposing objectives.
