This book will help students improve their speaking, listening, reading and writing skills. It will give an understanding of the importance of good communication skills for their personal development and career. It is relevant to a variety of courses: HE, FE, Professional, Open University, A-level and International Baccalaureate.

The third edition of this leading text provides a comprehensive guide to literary study. Emphasis has been placed on contextualizing literature and this updated version takes these changes into account by incorporating more material on historical and cultural contexts as well as in-depth discussions on novels, drama and poetry.

Mastering Poetry is a practical book with wide-ranging examples, detailed commentaries and frameworks for analysis. Whether you are studying or reading poetry for pleasure, it will help you to move beyond your first response to an analytical understanding of the relationship between content, language, structure and style.

Mastering Twentieth Century Russian History presents a vivid and informative account of the events which befell the Russian people during the course of the twentieth century. - Explores the major developments of the last century, from the revolution of 1905, to the First and Second World Wars, to the Cold War and the rise and fall of the USSR - Examines key figures and their actions - from Nicholas II, Lenin, Trotsky, Stalin, Khrushchev, Brezhnev, Gorbachev and Yeltsin to Putin - Deals with events right up to 2000, enabling the Soviet experiment to be placed in context a decade after its collapse - Incorporates the latest research from British, American and Russian historians, examining key controversies and debates - Includes primary source material, maps, photographs, posters and a full chronology of events This text is the ideal companion for anyone seeking a clear yet detailed introduction to the fascinating events of twentieth century Russian history.

Mastering Counselling Theory provides comprehensive coverage of all the major concepts and ideas integral to the theory of counselling from behavioural to existential to psychodynamic studies. Fully explaining complicated terms and theories, the book includes an

extensive glossary, making this complex area of study easy to understand. Exploring popular areas such as Freud, Jung, and Cognitive Counselling, this is an invaluable guide to counselling theory for students, lecturers and the general reader alike.

What is it to 'cock a snook', where is the land of Nod, and who was first to go the extra mile? Find the answers to these questions (and many more!) in the new edition of the Oxford Dictionary of Idioms. This dictionary uncovers the meanings of myriad phrases and sayings that are used daily in the English language, encompassing more than 10,000 figurative expressions, similes, sayings, and proverbs. More than 400 idioms have been added to this new edition, and comprise recently coined and common sayings alike. New additions include 'back of the net', 'drag and drop', 'go it alone', 'how come?', 'if you ask me', 'make your skin crawl', and 'woe betide'. Illustrative quotations sourced from the Oxford corpora give contextual examples of the idioms and their standard usage, and many entries include background information on the origins of the idiom in question. An updated thematic index makes for easy navigation, and anyone who is interested in the origins and diversity of English vernacular will have hours of fun browsing this fascinating dictionary.

## Table of contents

This is the first book that combines contemporary marketing theory with analysis of operational marketing practice within the fashion industry. It contains the views of key practitioners and much original case study material from leading fashion organisations,

providing unique insights into the reality of fashion marketing. Appropriate for undergraduate and postgraduate fashion, retailing and business degrees, it is also a valuable read for practitioners seeking knowledge and understanding of fashion marketing.

Now in its second edition, this engaging text introduces readers to all the key developments in American history between 1900 and 2000. Combining factual coverage with an analysis of professional historians' most recent interpretations of major domestic and foreign affairs, it fully explores dramatic events such as the Wall Street Crash, Pearl Harbor, the Cuban Missile Crisis and the Watergate Scandal. Chapters are enriched by presidential profiles and supported by stimulating source material and exam-style questions to reinforce learning. This text will be essential reading for students undertaking courses in American History at college, foundation and undergraduate level. It is also the ideal companion for anyone with a general interest in the American history of the twentieth century.
