I have the parameter list for a 1982 Mazak  
QT20 with a T1 control. I spent the \$300  
from Mazak for a barely legible faxed  
copy of the parameter list. I still had to  
tweak a couple of parameters to get the  
machine to run. The SQ number is a real  
b\*stard. Email me at \*\*\*@aol.com and I  
will send you the list, if you're interested.  
Dave
