Modernism and the Spirit of the City offers a new reading of the architectural modernism that emerged and flourished in Europe in the first half of the twentieth century. Rejecting the fashionable postmodernist arguments of the 1980s and '90s which damned modernist architecture as banal and monotonous, this collection of essays by eminent scholars investigates the complex cultural, social, and religious imperatives that lay below the smooth, white surfaces of new architecture.

Modernism is both a philosophical movement and an art movement that arose from broad transformations in Western society during the late 19th and early 20th centuries. The movement reflected a desire for the creation of new forms of art, philosophy, and social organization which reflected the newly emerging industrial world, including features such as urbanization, new technologies, and war.

Modernism - Wikipedia

In literature, visual art, architecture, dance, and music, Modernism was a break with the past and the concurrent search for new forms of expression. Modernism fostered a period of experimentation in the arts from the late 19th to the mid-20th century, particularly in the years following World War I.

2. Art for Art's Sake. By the early 20th century, progressive modernism came to dominate the art scene in Europe to the extent that conservative modernism fell into disrepute and was derided as an art form. It is well to remember that for most of the 20th century, we have fostered a narrow view of the modernist period, one in which progressive modernism has received almost exclusive attention ...

In modern society cubism is an accepted art form within the art community. Its initial criticism is no longer held in current individuals and the movement had a significant part in the development of artistic styles. The art works are highly valued especially from significant artists such as Pablo Picasso.

Cubism - Modernism

The intellectual underpinnings of modernism emerge during the Renaissance period when, through the study of the art, poetry, philosophy, and science of ancient Greece and Rome, humanists revived the notion that man, rather than God, is the measure of all things, and promoted through education ideas of citizenship and civic consciousness.

Modernism: The Roots of Modernism - Art History Resources

Literary modernism, or modernist literature, originated in the late 19th and early 20th centuries, mainly in Europe and North America, and is characterized by a self-conscious break with traditional ways of writing, in both poetry and prose fiction. Modernists experimented with literary form and expression, as exemplified by Ezra Pound's maxim to "Make it new." This literary movement was driven by a conscious desire to overturn traditional modes of representation and express the new sensibilities

Literary modernism - Wikipedia

The spirit of Modernism—a radical and utopian spirit stimulated by new ideas in anthropology, psychology, philosophy, political theory, and psychoanalysis—was in the air, expressed rather mutedly by the pastoral and often anti-Modern poets of the Georgian movement (1912–22; see Georgian poetry) and more authentically by the English and American poets of the Imagist movement, to which Pound first drew attention in *Ripostes* (1912), a volume of his own poetry, and in *Des Imagistes* (1914 ...
