Dave Mustaine's life has been highly publicized, been put under a microscope by the media, and been whispered about for decades now. This memoir is a cleansing of the soul from the horse's mouth as it were.

~~Amazon.com: Customer reviews: Mustaine: A Heavy Metal Memoir~~

So on the whole, Mustaine is a very interesting book that casts aside the thin veil of the metal music industry and sheds a welcome light on the life of a man many consider a musical genius. It's certainly not perfect, but it's very well written with an almost conversational style that has very little pretence or signs of concealment of the many less than impressive moments in the author's life.

~~Amazon.com: Customer reviews: Mustaine: A Heavy Metal Memoir~~

A pioneer of the thrash metal movement, Megadeth rose to international fame in the 1980s, and has gone on to earn seven consecutive Grammy nominations for Best Metal Performance. In this outrageously candid memoir, one of heavy metal's most iconic figures gives an insider's look into the loud and sordid world of thrash metal--sex, drugs, and rock n' roll included.
