the wall. Step 3 Connect your  
computer to WF2416 wirelessly.

---

How to Configure AP Mode for  
WF2416 - Netis Systems  
Application 1: Range Extender  
(Default mode) The E1+ can be  
used to repeat signal from the  
existing wireless network. It is  
suitable to extend wireless  
coverage for the places where the  
existing wireless network signal is  
too weak to maintain a stable  
wireless connection.
