A manual transmission (also known as a manual gearbox; abbreviated as MT, and sometimes called a standard transmission) is a multi-speed vehicle transmission where gear changes require the driver to manually select the gears by operating a gear stick and clutch (which is usually a foot pedal for cars, or a hand lever for motorcycles). Early automobiles used sliding-mesh manual transmissions ...

The only thing left unchanged from the previous 280Z was the 5-speed manual transmission and 2.8-liter L28 inline-6 engine, while the entire car overall was made more luxurious to meet growing consumer demands. Major changes for this new generation of Z-cars include t-tops, introduced in 1980, and a turbocharged model introduced in 1981, complementing the naturally aspirated (NA) 2-seater and ...

The SE (and some GXEs) offered dual power seats, a five-speed manual transmission, three-way shock adjust suspension, front and rear windshield defroster, and a factory-installed security system.

~~Nissan Maxima — Wikipedia~~

The Nissan Laurel is a front-engine, rear-drive two- and four-door sedan manufactured and marketed by Nissan from 1969 to 2002. Introduced in 1968 as a new model positioned above the 1968 Datsun Bluebird 510, the Laurel offered the luxury of the Nissan Cedric 130 in a smaller size. The laurel is a noble tree in Greek mythology, and the laurel wreath a symbol of honorable status.
