Art in odd places and the artists who are breaking urban boundaries

The latest show by Damien Hirst displays thousands of the provocative British artist's colourful spot paintings... many of which he will set on fire after selling them in digital form as NFTs.

NFTs And Burning Paintings At New Damien Hirst Show

The internet has been bamboozled by a 162-year-old painting where a woman appears to be holding a smartphone. Take a look at Ferdinand Georg Waldmüller's "The Expected One" and you'll ...

Internet baffled by woman appearing to hold an iPhone in an 1860 painting

So that in itself is quite an odd story. I don't have a formal education in art; I'm a self-taught artist. I have an MBA degree, but I've been practising art one way or the other since school.

Ahmer Farooq - painting the town red (quite literally)

Andres Valencia's paintings have sold for more than \$125,000. And he's 10 years old. Andres Valencia at the Chase Contemporary Gallery in SoHo, where his art was exhibited this summer.Credit ...
