On Monday, in what seems like a scene out of a science fiction movie, NASA will slam a spacecraft into a distant asteroid to see whether it can nudge its orbit — all in an effort to test a way ...

NASA is slamming a spacecraft into an asteroid on Monday to test planetary defence

But don't worry, the world's first-ever planetary defense test, NASA's Double Asteroid Redirection Test (DART), will be executed against a non-threatening asteroid, NASA shared in a release.

NASA Crashing Spacecraft into Asteroid for First Planetary Defense Test: 'Stuff of Science-Fiction Books'

Dimorphos, which orbits a larger asteroid Didymos as they hurtle together through space, provides not only a “ perfect testing opportunity for a planetary defence experiment, but it is also a ...

' Planetary defence ' : NASA targets asteroid in space collision

It's pretty close to what we would do if an asteroid threatened, but there are some key differences. On Sept. 26, NASA will crash a spacecraft into an asteroid to disrupt its path. The space rock ...

NASA's planetary defense mission will test asteroid deflection, but how realistic is it?

Extrasolar planets continually steal the scientific thunder from some of our nearest planetary neighbors. But if there's any sort of trend at this year ' s Europlanet Society Congress (EPSC), it ...

In Planetary Science Circles, Venus Is Now All The Rage

An unexpected "heat wave" of 700 degrees Celsius, extending 130,000 kilometers (10 Earth diameters) in Jupiter's atmosphere, has been discovered. James O'Donoghue, of the Japanese Aerospace ...

Planetary-scale 'heat wave' discovered in Jupiter's atmosphere

However, according to Lindley Johnson, the director of NASA's Planetary Defense Coordination Office, the DART mission does not signify a change in policy of thinking about hazardous objects ...

NASA's DART asteroid-impact mission will be a key test of planetary defense

A spacecraft built by Nasa is set to intentionally crash into a small asteroid as part of a planetary protection test mission. While this asteroid – named Dimorphos – poses no threat to Earth ...

Nasa spacecraft set to smash into asteroid in planetary protection test mission

"This is an exciting time, not only for the agency, but in space history and in the history of humankind quite frankly," Lindley Johnson, a planetary defense officer for NASA told reporters in a ...

NASA gears up to deflect asteroid, in key test of planetary defense

These things don ' t happen often, of course, but they do happen. The Lunar and Planetary Laboratory at the University of Arizona estimates that there are more than three million impact craters ...

Planetary defence and preventing asteroid strikes

If these models are not refined? The researchers predict that properties of planetary atmospheres, such as their temperature, pressure, and elemental composition, could be off by an order of ...

Study: Astronomers risk misinterpreting planetary signals in James Webb data

" We like it because it ' s a scenario that explains two or three different things that were previously not thought to be related, " says study coauthor Jack Wisdom, a planetary scientist at MIT.

Saturn ' s rings and tilt might have come from one missing moon

In the first of Lombard Odier Investment Managers planetary boundaries webinar series Michael Urban, Chief Sustainability Strategist, talks to Conor Walsh, Portfolio Manager, about the recently ...

Industry Voice: Can we feed a future population of 10bn people a healthy diet within planetary boundaries?

Lahti, Finland, has invited a group of local residents to try a ' planetary health plan ' to see if making greener choices could be good for your health. In June, five individuals received ...
