En su bestseller internacional "Los primeros 90 días", el gurú de la transición Michael D. Watkins esbozó una serie de principios básicos para ponerse al día rápidamente en nuevas funciones profesionales. Desde que ese libro fue publicado, Watkins ha trabajado con miles de líderes, ayudándoles a acelerar sus transiciones. Estos líderes plantearon preguntas desafiantes sobre cómo aplicar los principios básicos en situaciones de la vida real. La verdad que surgió: el marco de los primeros 90 días puede aplicarse en cada transición, pero la forma en que se aplica es completamente diferente cuando se ha ascendido a un nivel superior que cuando se está incorporando a una nueva organización o asumiendo un papel en un país diferente. "Master Your Next Move" responde a una necesidad específica, centrándose en los tipos más comunes de transiciones a las que se enfrentan los líderes y los desafíos únicos que cada uno de ellos plantea. Basado en años de investigación, y ahora con una nueva introducción, este libro indispensable explora ocho transiciones cruciales que virtualmente todo el mundo encuentra durante su carrera, incluyendo la promoción, el liderazgo de antiguos compañeros, la incorporación a una nueva compañía, la realización de una mudanza internacional y el giro de un negocio en crisis./// In his international bestseller "The First 90 Days," transition guru Michael D. Watkins outlined a set of basic principles for getting up to speed quickly in new professional roles. Since that book was published Watkins has worked with thousands of leaders, helping them to accelerate their transitions. These leaders posed challenging questions on how to apply the basic principles in real-life situations. The truth that emerged: the First 90 Days framework can be applied in every transition, but the way you apply it is entirely different when you have been promoted to a higher level than it is when you are joining a new organization or taking a role in a different country. "Master Your Next Move" answers a distinct need, focusing on the most common types of transitions leaders face and the unique challenges posed by each. Based on years of research, and now with a new introduction, this indispensable book explores eight crucial transitions virtually everyone encounters during their career, including promotion, leading former peers, onboarding into a new company, making an international move, and turning around a business in crisis.

El presidente tiene 100 días de prueba. Usted tiene 90. Le acaban de ascender a un puesto de liderazgo nuevo. Todavía no sabe a qué retos se deberá enfrentar ni cómo los superará. Lo único que sabe es que tiene tres meses para dominar el puesto y avanzar o fracasar. Este libro es una guía que le indicará cómo asumir sus responsabilidades de forma rápida y efectiva durante los períodos de transición profesionales críticos, tanto si es la primera vez que asume un puesto de dirección como si le han ascendido a director general recientemente. Los primeros 90 días, escrito por el destacado experto en transiciones de liderazgo Michael Watkins, señala estrategias comprobadas que reducirán espectacularmente el tiempo necesario para lograr lo que el autor denomina umbral de rentabilidad: el punto en el que la empresa le necesita tanto a usted como usted necesita a ella. Tanto si debe poner en marcha una empresa nueva como si debe conservar una unidad de alto rendimiento, Los primeros 90 días le ayudará a desarrollar un plan para acelerar la transición que se adapte a sus circunstancias. El libro se basa en tres años de investigación de transiciones a todos los niveles y de trabajo práctico en el diseño de programas de transición para ofrecer ejemplos y herramientas que le mostrarán cómo:

- Evaluar sus puntos fuertes y débiles e identificar las vulnerabilidades personales.
- Diagnosticar su situación y comprender los retos y las oportunidades que plantea.
- Negociar una relación de trabajo productiva con su jefe.
- Asegurar victorias iniciales que establezcan credibilidad y den impulso.
- Construir su equipo y conectar con coaliciones de apoyo influyentes.

Los primeros 90 días refuta la creencia dominante de que se debería abandonar a su suerte a los nuevos líderes y detalla un enfoque de planificación proactivo que puede llevar a buen puerto la carrera profesional de una persona y garantizar el futuro de una empresa.
