Honda Gx390 Engine Starting Problems
Check the oil level in the pump and the
engine before every use. If the engine does
not turn at all, pull the spark plug and pour
some Marvell miracle oil in the cylinder
and let it soak for a day or two. After that,
try to pull the cord with the spark plug still
removed and the gun trigger depressed. It
should rotate easily.

So here's my problem. I own a dewalt pressure washer with a 13 hp Honda GX 390 engine. It was all serviced and worked well last summer. Kept in my garage, seafoam stabilizer in it. It starts but shuts off right away or stays on for 30 or so seconds and then shuts down.. i check the oil and it pours out when the cap is removed.

Honda GX390 engine problems (pressure washer)

Smart electronic fuel injection technology increases fuel efficiency, eliminates the
