This is a digital project management book for anyone who thinks they might want to get started in a career as a digital project manager (DPM). The book covers what being a digital project manager is all about; what digital project management is, why I love it and what DPMs actually do all day. The book explores what makes a great digital project manager and explores where you can begin and what steps you can take to start your career as a DPM.

~~Project Management Books: 20 Best Books for Project Managers~~

Project management is a critical practice that applies knowledge of process, skills, tools, deliverables, and techniques to project activities to ensure a solid path to project success by meeting goals and requirements. We encounter projects in our everyday lives—in business and at home. Think about projects for a minute: at work you might be ...
