Psychology of the Future: Lessons from Modern ...
Chapter Three of Psychology of the Future is concerned with emotional and psychosomatic disorders and their relationship to and origins in the different realms of consciousness. These include anxieties and phobias, conversion hysterias, obsessive-compulsive disorders, depression, mania and suicide.

Book Review - Psychology of the Future: Lessons From ...
Grof maintains that the current basic assumptions and concepts of psychology and psychiatry require a radical revision based on the intensive and systematic research of holotropic experience. He suggests that a radical inner transformation of humanity and a rise to a higher level of consciousness might be humankind's only real hope for the future.
