*Design And Deploy*

In *Release It!*, Michael

T. Nygard shows you

how to design and

architect your

application for the harsh

realities it will face.

You'll learn how to

design your application

for maximum uptime,

performance, and return

on investment. Mike

Ben Nadel reviews

Release It! Design and  
Deploy Production-  
Ready Software by  
Michael T. Nygard. This  
book took two-and-half-  
years to read (due to its

*Release It!: Design and  
Deploy Production-  
Ready Software ...*

While both aspects of  
*Page 31/34*

# Download Free Release It

Design and Deployment are most often handled in separate books you seem to concentrate on glueing them together in one book. Personally I have some weakness in the Deployment part or better said in the release stuff. However I think creating a good Design is much tougher to achieve than a process of release management.

# Download Free Release It

Simply because to my opinion Design is an art while the release management is a (also tough) one-time discipline.
