The “lives” of objects are considered, along with the categories of “sacred” and “profane”, “religious” and “secular”. As interest in material manifestations of religious ideas and practices continues to grow, Sacred Objects in Secular Spaces is a much-needed contribution to religious and Asian studies, anthropology of religion and museums studies.

## Asian ...

In contrast, the audience for the exhibition Sacred Word and Image: Five World Religions praised Baker's organization of the show because it relied less on the historical and socio-political contexts of the objects and more on overlapping religious themes such as "Sacred Spaces and Places," "Symbols of Power," and "Divine Beauty," among others. At the same time, such comparative displays can ...

and researcher and talked about the issues we have heard so much, such as the exhibition of Islamic Art, the exposition of the sacred in museums. Although the museum is a secular institution, where should we put the art of Islam in the museum, the exhibitions of the Love of the Prophet, the Sacred Relics?

## Notes: Sacred objects in secular spaces

About Sacred Objects in Secular Spaces. We have long recognized that many objects in museums were originally on display in temples, shrines, or monasteries, and were religiously significant to the communities that created and used them. How, though, are such objects to be understood, described, exhibited, and handled now that they are in museums? Are they still sacred objects, or formerly sacred objects that are now art objects, or are they simultaneously objects of religious and artistic ...
