### School Psychology: A Social Psychological Perspective ...

School Psychology, a general practice of Health Service Psychology, is concerned with children, youth, families, and the schooling process. School psychologists are prepared to intervene at the individual and system levels, and develop, implement and evaluate programs to promote positive learning environments for children and youth from diverse backgrounds, and to ensure equal access to effective educational and psychological services that promote health development.

### School Psychology

School psychology programs require courses, practica, and internships. Degree requirements. Specific degree requirements vary across training programs. School psychology training programs offer masters-level (M.A., M.S., M.Ed.), specialist-level degrees (Ed.S., Psy.S., SSP, CAGS), and doctoral-level degrees (Ph.D., Psy.D. or Ed.D.) degrees. Regardless of degree title, a supervised internship is the defining feature of graduate-level training that leads to certification to practice as a ...

### School psychology - Wikipedia

Professionals in the field of school psychology are usually called school psychologists, counselors, or social workers. The minimum education required for entry into the profession is a specialist-level degree which requires at least 60 credit hours at the graduate level as well as an internship that lasts approximately nine months.
