The Airbus A320 family are narrow-body airliners designed and produced by Airbus. The A320 was launched in March 1984, first flew on 22 February 1987, and was introduced in April 1988 by Air France. The first member of the family was followed by the longer A321 (first delivered in January 1994), the shorter A319 (April 1996), and the even shorter A318 (July 2003).

Airbus A320 family - Wikipedia

The Airbus A319 is a member of the Airbus A320 family of short- to medium-range, narrow-body, commercial passenger twin-engine jet airliners manufactured by Airbus. The A319 carries 124 to 156 passengers and has a maximum range of 3,700 nmi (6,900 km; 4,300 mi). Final assembly of the aircraft takes place in Hamburg, Germany and Tianjin, China.. The A319 is a shortened-fuselage variant of the ...

Airbus A319 - Wikipedia

With a maximum take-off weight of 158,000 pounds (72,000 kg), the single-aisle A318/A319/ A320/ A321 are capable of accommodating 107 to 185 passengers. And with a range of 3,000 nautical miles, these aircraft can offer true transcontinental non-stop capability, whether business or leisure travel.

Airbus A318, A319, A320 & A321

The Airbus A320 family consists of short- to medium-range, narrow-body, commercial passenger jet airliners manufactured by Airbus. The family includes the A318, A319, A320 and A321, and the ACJ business jet. The aircraft family can accommodate up to 220 passengers and has a range of 3,100 to 12,000 km (1,700 to 6,500 nmi), depending on model.

Download Airbus ECAM Resets+ and enjoy it on your iPhone, iPad, and iPod touch. This application is an aide-mémoire and cross reference for the many computer resets that can be required for the avionics systems of the Airbus A319, A320, A321 & NEO series aircraft following a cold start or unexpected electrical transient.

Airbus ECAM Resets+ on the App Store

Airbus aircraft numbering system. The Airbus numbering system is an alpha numeric model number followed by a dash and a three digit number. The model number often takes the form of the letter "A" followed by a '3', a digit, then followed normally by a '0', for example A350. There are some exceptions such as: A220, A318, A319, A321 and A400M.

Airbus - Wikipedia

The A320 is one aircraft in four sizes (A318, A319, A320 and A321), representing the most successful and versatile jetliner family ever. Seating from 100 to 240 passengers and flying throughout the world, with the widest single-aisle cabin, an A320 takes off or lands every 1.6 seconds. From the heat of the desert to icy Antarctic runways, or from short runway urban environments to remote high-altitude

airports, the A320 can take passengers anywhere.
