The book is a small selection from the many stories she was able to gather during that time, obviously put together both with a journalist's eye for what makes a good story and with the didactic intention of covering a suitable range of "key topics" to give her readers some perspective on the main issues affecting women in Chinese society.

~~The Good Women of China: Hidden Voices by Xinran ---~~

The Good Women of China is a book compiling various interviews that the author, Xinran, had been collecting, both while living in China and after her move to the UK. She speaks to women from different generations, areas, and classes within China, and allows them to tell a history which hasn't been given due attention before.

You will encounter the omnipotent presence of The Party. You will get to know the women of rural China, who have never been paid much attention.

~~Amazon.com: Customer reviews: The Good Women of China ---~~

The lives of women in China have changed significantly due to the late Qing Dynasty reforms, the changes of the Republican period, the Chinese Civil War, and the rise of the People's Republic of China.. Achievement of women's liberation has been on the agenda of the Communist Party of China since the beginning of the PRC. Mao Zedong famously said, "Women hold up half the sky."

~~Women in China — Wikipedia~~

The Biographies of Exemplary Women told the stories of women from China's past who had given their husbands good advice, sacrificed themselves when forced to choose between their fathers and husbands, or performed other heroic deeds.

Women did possess some power; within the family content, for example, they would often assume a role of leadership. However, this power did not generally extend beyond the home and familial affairs. In the period between the end of the Qing dynasty in 1911 and the founding of the People's Republic of China in 1949, the role of women in ...

~~The Role of Women in China — Fair Observer~~

China's constitution guarantees women "equal rights with men in all spheres of life," and over the last several decades, women in China have enjoyed some notable gains. Life expectancy and literacy rates, for instance, have risen as China's economy has developed. This progress, however, has been outpaced by the rest of the world.
