climate crisis can be resolved through voluntary action, rather than state intervention, is an illusion.

*Leader: The limits of green capitalism -
New Statesman*

Interpreting the rise of green economy discourse as an attempt to re-invent capitalism, it unravels the different dimensions of the green economy and its limits: from pricing carbon to emissions trading, from sustainable consumption to technological innovation.

Know Thyself: The Value and Limits of Self-Knowledge takes the reader on tour of the nature, value, and limits of self-knowledge. Mitchell S. Green calls on classical sources like Plato and Descartes, 20th-century thinkers like Freud, recent developments in neuroscience and experimental psychology, and even Buddhist philosophy to explore topics at the heart of who we are. The result is an ...

The Limits of Transnationalism reassesses the overly optimistic narratives often associated with this malleable term, revealing both the metaphorical and very real obstacles for transnational mobility. Nancy L. Green begins her wide-ranging examination with the story of Frank Gueydan, an early twentieth-century American convicted of manufacturing fake wine in France who complained bitterly that he was neither able to get a fair trial there nor to enlist the help of US officials.

Limits set for green-reading material in golf

Any book or other paper containing a map or image of a putting green must not be larger than 4 ¼ inches x 7 inches (the “size limit”), although a “hole location sheet” that displays nine or more holes on a single sheet of paper may be larger, provided that any image of a single putting green meets the scale limit. No magnification of putting-green information is allowed other than a player’s normal wearing of prescription glasses or lenses.
