books Popper argued that the empirical truth cannot be known with absolute certainty.

george soros the soros lectures

The Soros Lectures © George Soros georgesoros.com you will recall, I was studying economic theory and at the same time I was reading Karl Popper's Open Society and Its Enemies. It was Popper's insistence on our inherent fallibility that led me to question the basic assumptions of economic theory and develop the concept of reflexivity.

george soros the soros lectures

The third and fourth lectures examine the concept of open society, which has guided Soros's global philanthropy, as well as the potential for conflict between capitalism and open society. The closing lecture focuses on the way ahead, examining the increasingly important economic and political role that China will play in the future.

George Soros: Open Society, the Financial Crisis, and the ...
"A full and fair discussion is essential to democracy." George Soros has been a prominent international supporter of democratic ideals and causes for more than 30 years. His philanthropic organization, the Open Society Foundations, supports democracy and human rights in more than 100 countries.
