~~The Story of Little Babaji. Helen Bannerman wrote this story in 1899. When I was a child, I loved Little Black Sambo, which was an adaptation of this book. That book was banned, and the original, based in India, was reborn. Thank goodness. Not only is it a great story, it is so beloved in my classroom that we host play performances for families.~~

~~Lackluster story, beautiful illustrations. It's definitely an improvement on the original "Little Black Sambo" by Helen Bannerman. They redrew it and renamed the characters to make it more obvious that the story takes place in India, so the little boy's name is now Little Babaji.~~

~~The story is a little long, and at sev The illustrations in this book are just fantastic, and the expressions on the faces of the tigers throughout the book are such fun to look at! The kids laughed at each tiger as it strode around in an article of Babaji's fine clothing, and they laughed as Babaji taunted the vain and stubborn tigers while he took his beautiful clothes back.~~

~~Helen Bannerman, who was born in Edinburgh in 1863, lived in India for thirty years. As a gift for her two little girls, she wrote and illustrated The Story of Little Black Sambo (1899), a story that clearly takes place in India (with its tigers and "ghi," or melted butter), even though the names she gave her characters belie that setting.~~
