Time Traveller's Guides Series by

Obviously, A Time Traveller's  
Guide to Medieval England was a  
title calculated to gain my  
attention. The premise: a  
different take on presenting an  
overview of a period of time,

1320 that might be found in the  
TARDIS. Exploring the experience  
of all the senses, this should be a  
gem of a resource to the writer of  
historical fiction or fantasy.
