*The Virtue of War: Reclaiming the... book by Darrell Cole*

This book represents the tradition of war in the West. It is unique because of its extensive treatment of the church fathers, the military saints, canon law, and experiences of Oriental Christendom. Indeed, The Virtue of War: Reclaiming the Classic Christian Traditions East and West is occasioned by the recent wars with Muslim opponents. Ironically, much of the history of the Near East has been the failure of Byzantine armies finally to defend their own territory.

To believe that war is a virtue is to declare oneself a worshiper of the god-state and a follower of the fascist, neoconservative War Party. War is murder on a massive scale, and the Bible calls it a grave sin. If war were a virtue, Jesus would have called upon all His followers to take up swords and fight against the Roman empire. Yet He did not.

This, at any rate, is one of the principal arguments of Alexander Webster’s and Darrell Cole’s *The Virtue of War*, a thorough (if not entirely consistent) defense of just war thinking as part of the common inheritance of both the Eastern and the Western Churches. Far more, however, than an exercise in ecumenism, this is a book written with a certain palpable urgency about it: It is

*Ecumenical Councils of War by David B. Hart | Touchstone ...*

War is more than a true chameleon that slightly adapts its characteristics to the given case. As a total phenomenon its dominant tendencies always make war a remarkable trinity—composed of primordial violence, hatred, and enmity, which are to be regarded as a blind natural force; of the play of chance and probability within which the creative spirit is free to roam; and of its element of ...

| Harvard ...*

Reclaiming American Virtue: The Human Rights Revolution of the 1970s, by Barbara Keys. Marilyn Young on the development of human rights as an important issue in the US. Between the unveiling of the Universal Declaration of Human Rights in 1948 and the present, the subject of human rights has expanded greatly from a limited, if rhetorically powerful, vision of a post-war world order (with no means of implementation) to a fundamental aspect of US foreign policy, an influential non-governmental ...
