The Volvo 440 and 460 are versions of a small family car produced by the Swedish manufacturer Volvo between 1987 and 1996. The 440 was introduced in 1987, whilst the 460 followed in 1989. They were built at the NedCar factory in Born, the Netherlands. The 440 was a five-door front wheel drive hatchback and the 460 a saloon. They shared many components with the already successful Volvo 480, including floorpan, front and rear suspension, engines, transmission and braking systems.

Volvo 440/460 - Wikipedia

As you can see in the picture below the Volvo 440 isn't much different than the G4. The name G4 has been changed to G13 (a 2+2 coupe which became the Volvo 480), G14 (codename for the Volvo 460, a 4-door sedan) and G15 (Volvo 440, the 5-door hatchback) to diversify the different designs.

...

The Volvo 460 was launched in 1989 as the saloon version of the front-wheel-drive 440 hatchback. The Volvo 460 had the same basic technical structure and layout as the 480 sports coupé. This means it shared the sports model's transverse engine and front wheel drive, and of course it reaped the benefits of the 480's excellent handling and road holding.
